## INDIVIDUAL SUBJECTS

(ab) = Abstract; (ma) = Machinery and Equipment; (pl) = Plastiscopes

**IMPORTANT:** Annual reviews of materials, processing and applications are not completely cross-indexed here because of their survey nature. Departments such as "U.S. Plastics Patents," "Letters to Modern Plastics," and "Literature" are

not indexed, except for books under "Book Reviews". Also omitted from this index are those Plastiscopes items devoted to company news, personnel news, and similar items of timely news value, but not considered as reference material.
